

Student-centric Methods used in the year 2021-2022

Education is a two way process in which the teacher and Learner are interdependent. The lecture method of teaching is supported with the Learner-centric methods. There are many such methods such as: ICT Based Learning, Group Discussions, Seminar, Oral, Projects, Home Assignments, Computer Assisted Learning, Experiential Learning Such as- Game Activities, Field Visits, Collaborative Learning, Study Tours, Creative Thinking-based activities-Wall-Paper, Annual Magazine, Sports, Food Festival, etc.

In During the year 2021-2022, following activities were performed in the college which helped the students to learn independently as well as collaboratively.

1. Examination Oriented Activities:

- ICT Based Learning: Some papers are taught with the help of Projector for showing PPTS or films, etc.
- Group Discussions: On different topics, students discussed and learnt.
- Seminar: The students present a small Research Paper in the form of a Seminar.
- Oral: Usually, the orals are taken after the completion of the topic.
- Projects: For the final year students to submit a project on the given topics so that they work on their own to find the proper information.
- Home Assignments: there are certain topics for First Year students, where Home Assignments are taken.
- Computer Assisted Learning: The learning of some of the topics is done with computer-assistance.

2. Experiential Learning: this method helps the students to learn the theory in practice. Such as- Game Activities, Field Visits, Collaborative Learning, Study Tours, etc.

- Study Tours of the Science Faculty were organized to coastal areas for Surveys, Sample Collection, etc.
- Field Visits: Students of Marathi and English Departments visited the Shooting Site of the TV Serial to learn the Making of a Film or Serial.

Department of Commerce visited the Bank as well as the Chaitanya Computer Institute for certain practical information.

3. Creative Thinking-based activities-Wall-Paper, Annual Magazine, Sports, Food Festival: Students participate in the Wall Paper Editorial Committee, Write creatively for AksharGandh Magazine, and participate in the inter-collegiate competitions, as well. In the Craft Exhibition, they present the articles of the crafts for other students. In Food-Festival and Recipe Competition, they prepare food items and sell them in their stalls.
